

Parent's Permission for School-Provided Foods

For a Child Who Has an Allergy to Nuts

My child _____ has been diagnosed with an allergy to the following nut(s):

_____.

I have provided the school with the required forms signed by a licensed pediatrician documenting the nut allergy and any prescribed treatments.

I understand that Gan Ami strives to be a nut free zone. The staff does not purchase any foods with labels stating that the product contains peanuts or any tree nuts. Though some items may be manufactured in a facility that uses nuts.

Please check 1 (one) of the 3 options below regarding procedures for serving your child food at school:

My signature below indicates that I give permission for my child to eat foods provided by the school. I accept that the staff takes recommended precautions to ensure that the school facility is nut free. I trust that they are taking the necessary steps to protect my child, and they will contact me if there are any questions or concerns. I understand that this permission applies to my child's allergy to nuts, but not to allergies to other foods; if my child has other allergies, I have completed the appropriate forms.

OR

My signature below indicates that I do NOT give permission for Temple Beth Ami staff to give my child foods purchased by the school, unless I have personally signed off on each item. I will come to school, given 24 hours notice, and I will personally sign each package of food that my child may have. I understand that timeliness is imperative because the school menu and activities are planned and I want my child to be able to participate in the best manner possible.
